RENEWED PETITION UNDER 37 CFR 1.137(b)

This Paper is a Renewed Petition under 37 C.F.R. §1.137(b) and is in response to the Dismissal, mailed June 19, 2006 ("Dismissal"), of the Petition for Revival of an Application for Patent Abandoned Unintentionally under 37 C.F.R. §1.137(b), filed May 1, 2006 ("Petition"). A copy of the Petition is enclosed. This paper is being timely filed within two (2) months of the mailing date of the Dismissal.

**APPLICANTS HEREBY PETITION FOR RECONSIDERATION OF THE PETITION
FILED ON MAY 1, 2006.**

Applicants note the following with respect to the Renewed Petition:

1. A Power of Attorney from Landmark to Technology, Patents & Licensing, Inc. ("TPL") to prosecute the Application was executed on April 21, 2006, and filed with the Petition on May 1, 2006, a copy of which is enclosed.
2. A statement under 37 C.F.R. 3.73(b) showing chain of title from the inventor(s) of the Application to the current Assignee, **LANDMARK NV-S VENTURES GROUP, INC.**

08/07/2006 YPOLITE1 00000063 593061 09867416

("Landmark"), was previously filed in this Application with the Petition on May 1, 2006, a copy of which is enclosed.

3. A proper Reply under 37 C.F.R. 1.137(b), in the form a Response to Restriction Requirement, to the outstanding Office Action of September 26, 2005, was filed with the Petition on May 1, 2005, a copy of which is enclosed.
4. The fee required by 37 C.F.R. 1.137(b) for the Petition is included with this Paper.
5. The enclosed Affidavits of Landmark NV-S Ventures Group, Inc. (current Assignee) and Henry J. Huelsberg, III (Assignee's Counsel), and their supporting documentation, support the statement made in the Petition, and repeated here, that the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. Thus, although TPL was not counsel of record at the time the application became abandoned, the enclosed notarized affidavits provide additional information toward establishing unintentional delay, as requested at page 2 of the Dismissal.
6. Since TPL has been of record since at least May 1, 2006, TPL can attest to the absence of delay in filing a grantable Petition to Revive since May 1, 2006. To that extent, the undersigned respectfully submits that there has been no delay toward filing the present Renewed Petition since receiving the Dismissal (dated June 19). The time since receipt of the Dismissal has been spent reviewing and analyzing the Dismissal and research related thereto, interacting with the Assignee and Assignee's other representatives, preparing and securing the enclosed statements and preparing the present paper.

The following items are included:

Petition fee

- ☐ Small Entity-fee \$ _____ (37 CFR 1.17(m)). Applicant claims small entity status. See 37 C.F.R. §1.27.

REMARKS

Presently, claims 1-62 are pending in the application. The Examiner has required a restriction between the claims Group I (claims 1-4 and 39-41), drawn to an information system; Group II (claims 5-19 and 42-53), drawn to a multiple vehicle dealer network; Group III (claims 20-25 and 54-59), drawn to creating to do lists and making recommendations for vehicle dealers; Group IV (claims 26-32) drawn to a vehicle dealer selling system; Group V (claims 33-36 and 60-62) drawn to an alert system; and Group VI (claims 37-38) drawn to appraising vehicles by a vehicle dealer community. The Examiner contends that the inventions are distinct from each other.

ELECTION

Applicants elect Group I (claims 1-4 and 39-41) for initial prosecution in this application, without traverse.

Examination and an early Notice of Allowance of at least these claims are respectfully requested.

Respectfully submitted,

AFFIDAVIT of LANDMARK NV-S VENTURES GROUP, INC.

COMMONWEALTH OF VIRGINIA)
) ss.
City of Norfolk)

LANDMARK NV-S VENTURES GROUP, INC., a Nevada corporation, states:

1. **LANDMARK NV-S VENTURES GROUP, INC.** ("Landmark"), is the Assignee of record of the entire right, title and interest in U.S. Patent Application No. 09/867,416, entitled Data Distribution Method and System, filed May 31, 2001 ("Application").
2. A statement under 37 C.F.R. 3.73(b) showing chain of title from the inventor(s) of the Application to the current Assignee was previously filed in this Application on May 1, 2006.
3. The undersigned (whose title is supplied below) is empowered to sign this statement on behalf of the Assignee.
4. The inventors of the Application granted Power of Attorney to the law firm of Pillsbury Winthrop Shaw Pittman, LLP of Washington, D.C. ("Pillsbury"), to prosecute the Application in a combined Declaration and Power of Attorney, executed May 30, 2001. The initial Assignee of the Application, PriceDrive, Inc., did not change this Power of Attorney.
5. Upon assignment of the Application to Landmark, I directed Pillsbury to transfer the file and all other papers related to the Application to outside Counsel, Willcox & Savage, P.C., of Norfolk, Virginia ("Willcox"). To the best of my knowledge, this transfer was completed.

6. I subsequently directed Willcox to transfer the file and all other papers related to the Application to outside Patent Counsel, Woodcock Washburn, LLP, of Philadelphia, Pennsylvania ("Woodcock"). To the best of my knowledge, this transfer was completed.
7. I directed Woodcock to prosecute the Application before the USPTO and take any and all necessary action with respect thereto.
8. To the best of my knowledge, Power of Attorney to prosecute the Application was never revoked from Pillsbury and thus, subsequently never granted to Woodcock.
9. Because Pillsbury remained counsel of record in the Application, all communications from the USPTO were sent to Pillsbury, including the outstanding Office Action (Restriction Requirement) dated September 26, 2005 ("Office Action"), in the Application.
10. To the best of my knowledge, Pillsbury forwarded the Office Action upon receipt from the USPTO to Willcox. Willcox, in turn, forwarded the Office Action to Woodcock.
11. Woodcock did not prepare and file a response to the Office Action.
12. I was notified by Willcox in April, 2006, that the Application had gone abandoned, after Willcox had received a Notice of Abandonment dated April 5, 2006, which had been forwarded from Pillsbury to Willcox. Prior to notification of the Abandonment, I was unaware that a response to the Office Action had not been prepared or filed, as I had directed Woodcock to handle all matters related to prosecution of the Application.
13. I immediately contacted Woodcock to ascertain the reasons for the Abandonment.

14. Upon explanation from Woodcock that they did not docket the Application or the subsequent Office Action, I contacted outside Patent Counsel, Technology, Patents and Licensing, Inc. of Doylestown, Pennsylvania ("TPL") and instructed TPL to attempt to revive the Application, as it was my understanding that the Application had been unintentionally abandoned within the meaning of 37 CFR §1.137(b).
15. To the best of my knowledge, TPL inquired of the facts and circumstances surrounding the assignment of the Application to Landmark and the facts and circumstances surrounding the Abandonment of the Application.
16. I executed a Power of Attorney for TPL to prosecute the Application on April 21, 2006.
17. At my direction, TPL prepared and filed a Petition to Revive an Unintentionally Abandoned Application under 37 CFR §1.137(b) ("Petition") on May 1, 2006.
18. Upon notification from TPL that the Petition was Dismissed on June 19, 2006, in part because TPL was not counsel of record at the time of the Abandonment, I immediately took steps to secure statements from the relevant parties related to the facts and circumstances surrounding the Abandonment of the Application.
19. I directed TPL to assist in compiling these statements and to proceed to file a Renewed Petition under 37 CFR §1.137(b), in accordance with the Dismissal of June 19, 2006.
20. As Landmark was the Assignee of Record at the time the Application became abandoned, I believe that I am in a position to attest to the facts and circumstances surrounding the abandonment.

21. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR §1.137(b) was unintentional.

Executed this 1 day of August, 2006.

Hey Steve.

Hope all is well.

Last week I received a Notice of Abandonment in respect of the captioned patent (Application No. 09/867,416), forwarded by Pillsbury Winthrop which was the attorney of record with the PTO. The Notice is attached for your reference. (You'll recall that PriceDrive was a company Landmark invested in/made loans to several years ago; they subsequently discontinued business operations, and Landmark foreclosed on their assets, including this patent application.) At Rusty's direction I had forwarded all of the patent files to you, including an Office Action issued in September 2005.

The Notice of Abandonment indicates that no reply was ever filed for the Office Action. I assume that you and Rusty elected not to do anything further on the patent application. Would you mind confirming for me when you have a chance.

Thanks, and let me know if you have any questions.

- Trey
